## SUMMARY

I am a Senior Software Engineer with well over 7 years of professional experience in developing web applications and beautiful websites from scratch. I have a Bachelor of Computer Science from the University Institute of Information Technology - PMAS Arid Agriculture University. My journey as a full-stack developer has been impressive and I continue to grow and learn every day. I am a great fit for any startup or web agency, with my range of skills I have the ability to take on any size project or client and deliver a product or website that meets today's web standards and expectations using cutting-edge technologies and tools.

## EDUCATION

BS in Information Technology  
The University Institute of  
Information Technology -  
PMAS Arid Agriculture University

I am a Senior Software Engineer with over 7 years of professional experience developing web applications and beautiful websites from scratch. I have a Bachelor of Computer Science from the University Institute of Information Technology - PMAS Arid Agriculture University. My journey as a full-stack developer has been impressive and I continue to grow and learn daily. I am a great fit for any startup or web agency, with my range of skills I can take on any size project or client and deliver a product or website that meets today's web standards and expectations using cutting-edge technologies and tools.
